

## Rental Options:

At Scully Hire it doesn't matter if you hire for 1 month or 60 months, you'll always have the option to purchase your vehicle at any time to take advantage of the hire fees you have already paid.

The longer term you contract with us for, the more you'll save on your monthly hire fees, but no matter if you go with short term month by month hire or sign up for a long term hire agreement, you'll be able to buy at any time with a pre agreed price for your vehicle.
